

Remote Work Policy

Document ID: POL-004 | **Department:** All | **Effective Date:** 2026-06-30 | **Status:** Active

1. Purpose

Governs remote work arrangements for ACME Corp employees. Ensures security and productivity standards are maintained outside the office.

2. Security Requirements

Remote workers must use VPN to access internal systems (Payment-Service, Auth-DB, DataWarehouse, etc.). VPN access is provisioned per SOP-03. Policy enforcement by Natalia Voss (Security).

3. Equipment

Company-issued laptops only. Personal devices require MDM enrollment approved by the Security team. Encryption (FileVault / BitLocker) is mandatory.

4. Data Handling

No PII downloads to local machines. Data must remain in ACME-managed systems. See POL-002 for data retention obligations and POL-003 for security controls.
